"Closed Meeting is a meeting to be attended by alcoholics only. This may include troubled persons who are attempting to determine if they have a drinking problem and if they should become members of our fellowship. Open Meeting literally means open to any person who wishes to attend. We are accustomed to seeing non-alcoholic spouses of A. A. members and other close relatives and friends at these meetings. However, other interested persons such as social workers, clergymen, physicians, jurists, students, journalists, etc. have been known to attend open meetings and this is permissible by definition."
